

Sugar City Planning & Zoning  
Special Meeting March 13, 2008  
Minutes

Attending: P&Z commissions members Brian Hawkes, Ray Barney, Vaun Waddell, Paul Lusk, Stephanie Blackham; city engineer, Winston Dyer and citizen, Jan Gallup

Brian called the meeting to order. The discussion on the business park final plat began with the width of the easement along the canal. It is wider at one end than the other because the canal is not straight.

Jan wanted to go on record that she has submitted a letter to the city attorney on the variances granted to the business park.

Vaun moved that the planning & zoning commission recommend to the city council approval of the business park final plat. Ray seconded the motion. It passed unanimously.

The meeting was adjourned.

Winston handed the commission members a list of concerns he had on the final plats for Old Farm Estates and the business park.
