Dear Commissioners, Mayor, and Councilmembers:

Regarding the proposed parkway and beltway (see attached map), we have accepted Keller's preferred alternative for the East Parkway corridor. We also support and encourage the beltway. We recommend both corridors thinking both will be needed and should be planned to allow all concerned to be aware of the routes to ensure that land is set aside, corridors need to be identified and protected decades ahead of when needed. Our recommendation becomes stronger the closer the roads approach Sugar City.

We thought it would be useful for you to know our position on the proposed corridors and look forward to hearing from Madison County and Rexburg concerning their decisions regarding the East Parkway corridor and the beltway. Once the decision is agreed to by the three entities, then we would urge that Madison County, Rexburg and Sugar City place the corridors on the transportation map of their comprehensive plans.

Respectfully,
