Chairman Update on Design Review Code Changes:

Chairman Paul Jeppson reported on the revisions to Design Review Code that he, P&Z Chairman Dave Thompson and Deputy Clerk Shelley Jones had worked on with the Mayor. He was pleased with the fact that the Mayor had also requested that the word "safety" had been placed back into many areas of the code. The other changes make the code more workable and separated duties so there can be a "legitimate" appeal process. There are also changes made to time requirements and make-up of the "Design Review Board" that make much more sense. Design Review makes recommendations to Planning and Zoning which is a separate commission. Chairman Jeppson would like to be present when the changes are presented to City Council.

8:15 P.M. Motion to adjourn the meeting: Christine Lines

Motion seconded by: Justin Merrill

All were in favor, motion carried
